34A3661002SI

Build

- Powerful and robust design that fits on any countertop.
- Cooking surface of 500x255mm, equipped with double ribbed tops and smooth bottom cast iron grilling plates.
- Constructed entirely from full stainless steel and high-quality materials, ensuring longevity and easy cleaning.
- Solid cast iron grilling plates are enhanced with specialized ceramic integration, providing sturdiness and non-stick, scratch-resistant grilling surfaces.
- Superior thermal conductivity promotes even heating and significantly reduces cooking times, allowing for optimal thermal efficiency and minimal heat loss.
- Easy to clean due to the natural non-stick properties of the grilling plates.
- Acid and salt proof with resistance to oxidation, promoting the highest hygiene standards.
- Two adjustable thermostats allow precise temperature control up to 300°C, enabling the use of the plates separately and offering versatility for various cooking methods.
- Shock-proof heating elements are integrated with the plates, enhancing thermal conductivity and overall performance.
- Adjustable upper plates for customizable cooking and pressing height.
- Self-balancing upper grilling plate mechanism ensures consistent contact with food for even cooking
