CRONOS 2/C
DOUBLE-ROLL GRINDING MILL

COMIDA

Main Features

The two cylinder Cronos grinding mill is tool for pastry making. It is designed and produced to last. It's as solid and hefty as the two granite rollers that make up its basic working parts, guaranteeing a high quality yield. The rollers are adjustable to set the gauge of the milled product, working on nuts like almonds or walnuts but also on chocolate and sugar.

- Ground cylinders diameter 15cm -width 30cm made of porphyritic granite
- Sizable gears in oilbath and always engaged, even when the rollers are adjusted to their widest open position
- A special device permits the cylinders to be re-aligned also after years of wear, by means of a simple adjustment
- The machine is mounted on wheels for ease of movement

SPECIFICATIONS

Voltage	400Vac 3 50Hz
Power	1.5 kw
Weight	220 kg
Plug Supplied	No
Cylinder Width	320mm
Warranty	4 Year Warranty (2 yr Labour 4 yr Parts)

DIMENTIONS

External Width	700mm
External Depth	550mm
External Height	1150mm
