DATA SHEET

Sirman Orione Q PLUS VV Blender with Timer, Variable speed Model and Silencer

65332612P

Build

- Designed for bars, restaurants, and cafeterias that demand high performance, long-lasting durability, and powerful ice-blending capabilities—perfect for preparing frozen drinks and smoothies.
- Sound enclosure Shield reduces sound during operation and maintains low profile height even when open.
- Robust extruded aluminium body with ABS sides for strength and easy maintenance.
- Equipped with a membrane sealing system to prevent fluid ingress, ensuring machine longevity.
- Powered by a high-performance motor with forced ventilation for extended operation without overheating.
- Safety magnetic micro-switch on the glass lid that stops without a forced closing position.
- User-friendly silicon membrane controls with ON, OFF, and PROGRAM functions along with an NVR (No-Voltage Release) device.
- Intuitive dial controls that manages variable speed and time. Includes a pulse function.
- Comes with a 2-litre square jar made from unbreakable transparent Tritan, graduated in litres, UK, and US gallons.
- Pouring is possible in three directions, ideal for fast service and multitasking.
- Rubber glass lid with central plug allows easy addition of ingredients during mixing.
- Stainless steel transmission hub easily detaches from the jar for thorough cleaning.
- Cutter shaft is supported by ball bearings to prevent overheating and extend lifespan.
- Star drive mechanism built from high-resistance sintered steel for tough use.
- Four-spoke cutter pressed from a single piece of hardened steel, effective even for ice crushing.
- Jar design optimized for blending large quantities of ice, including dry ice.
- Multi-point motor drive system in stainless steel for maximum power transmission and durability.

Technical specifications

External Size

External Width	202mm
External Depth	210mm
External Height	486mm

Weight

Net weight	5kg
package weight	7kg

Technical Features

Jug capacity	2 Lt
RPM	8000÷16000

Control Types

Variable Speed
Adjustable Timer
Pulse Functions

Connection requirements electric

Electrical connected loads	750W
Voltage	240 1N/50Hz
Plug Supplied	Yes

Warranty

2 Year Warranty	2 years parts and labour

**Subject to a prevanttitive maintence plan*

Options

Basket

☐ 2 lt. Tritan square glass conatiner w/ blade set and lid included
SKU: IB9865410
