DATA SHEET

Sirman Roller Breakfast VV Conveyor Toaster

30145602

Build

- Constructed entirely from AISI 304 stainless steel for durability, hygiene and corrosion resistance
- Conveyor made from AISI 304 stainless steel for durability and easy cleaning
- Fan-cooled motor ensures reliable operation during extended use
- Integrated cooling fan prevents overheating and protects users from accidental burns
- The cooking chamber is equipped with thick thermal insulation, effectively retaining heat and reducing energy consumption. This design ensures consistent cooking temperatures, improving food quality and reducing cooking times
- Integrated cooling Fans on the control department for longevity and use.
- Reinforced heating elements offer enhanced durability against burnout and mechanical damage
- Reflective upper and lower heating elements provide fast, even heat distribution
- Independently selectable upper and lower quartz elements allow precise control for ideal toasting results
- User-friendly loading rack with options for rear or front product discharge
- Variable speed drive motor enables flexible control based on product type and desired finish
- Protective casing around controls enhances safety and prevents accidental adjustments

Technical specifications

External Size

External Width	370mm
External Depth	480mm
External Height	340mm

Weight

Net weight	16 kg
package weight	18.5 kg

Technical Features

Output per hour	Up to 360
Conveyor Length	300mm
Conveyor Widt	220mm

Connection requirements electric

Electrical connected loads	2400W
Voltage	240 1N/50Hz
Plug Supplied	Yes

Warranty

2 Year Warranty	2 years parts and labour

**Subject to a prevanttitive maintence plan*
