DATA SHEET

Sirman SPRITZ Brine Injector

40005602

Build

- AISI 316L stainless steel gear pump designed for use with saline liquids
- Injection heads and needles made from AISI 316L stainless steel for corrosion resistance and hygienic performance with saline solutions
- Supplied standard with a single-needle injection pistol for precise application with optional multi-needle heads available with 3 or 5 needles for increased productivity.
- Needles are easily interchangeable for quick setup and maintenance
- Adjustable pressure range from 1 to 5 bar, suitable for handling delicate products without damage
- Anodized aluminum body with integrated carrying handle for portability and durability
- Suction hose equipped with a filter to prevent intake of solid particles
- Analog pressure switch included to monitor and control injection pressure accurately

Options

☐	Single point Injection Needle SKU: 40005610
☐	Double point Injection Needle SKU: 40005630
☐	Triple point Injection Needle SKU: 40005650

Technical specifications

External Size

External Width	403mm
External Depth	209mm
External Height	272mm

Weight

Net weight	10 kg
package weight	

Technical Features

Pressure	bar 1 ÷ 5

Connection requirements electric

Electrical connected loads	250W
Voltage	240 1N/50Hz
Plug Supplied	Yes

Warranty

2 Year Warranty	2 years parts and labour

**Subject to a prevanttitive maintence plan*
